KUNDESIGN inspired by nature and life

At XUN DESIGN, we create outdoor furniture and accessories that embody the contemporary era. Our products are developed from materials that retain the integrity of outdoor furniture without compromising the sophistication of indoor furnishing. Inspired by nature and life, our furniture can be placed anytime, anywhere, regardless of season and setting.

In pursuit of "Living with Design", we design furniture with an inclusive language that is unlimited by spatial boundaries, for users of all backgrounds to explore the many ways to integrate design with space. Joining the strengths of "Designed in China" and "Made in China", Kundesign hopes to bring products that are both modern and accessible to anybody who appreciates good furniture.

PILLOW

Pillow Sofa takes aluminum frame and teak board as the support part. The soft cushions on the top can be removed for easy cleaning and storage. In order to ensure the comfort and three-dimensional sense of the cushions, each cushion is equipped with a stainless-steel frame inside which can prevent deformation.

NEST

The geometric weavings of NEST high-back lounge chair mimic the appearance of rattan, creating a partition around the body for privacy. Crafted in weather-resistant ropes and quick-dry cushion, this chair is designed to be used both indoors and outdoors.

174

175

NEST-HIGHBACK LOUNGE ARMCHAIR & LOUNGE ARMCHAIR
(KC8602) Olive/Green; Cushion in Sand

LOTUS SIDE TABLE
(KT8602) Silver/Grey/Olive; Teak Top

Nest Sofa builds a round and fruity shape, and the wavy design of the backrest shows a sense of order and geometric beauty, which changed the impression of traditional outdoor furniture. Nest Sofa is equipped with a tray on its armrest, the seat and backrest are made of special quick-dry and UV-resistant fabric with excellent environmental adaptability.

FLOW

Flow Swing is designed for leisure time to make the outdoor life full of fun. Its inspiration comes from the magic carpet in the myth story, trying to capture the happy time of childlike innocence through a special form. The swing is light, stable, and in a dynamic style. The seat has a slight arc shape, stretched with waterproof PVC fabric, can be used together with a soft cushion.

RIBBON

Ribbon Stool is an abstraction of natural things and simple manual-era life. It conveys a relaxed and beautiful emotion. Its round shape looks like vigorous seeds, leaves, plump succulent plants and grains. The banding design represents the easy 'hand tying' actions, such as bundling hay, tying a bouquet or a gift.

CLOGS

Clogs Series is to show the combination and application of diverse materials in outdoor furniture. Through the different textures, it brings a new visual and tactile experience. Inspired by ancient wooden shoe designs with Eastern and Western civilization and aesthetics, the whole series selects 'wood' as the base, combined with classic outdoor rope and fabrics, to create a natural, elegant feeling, also with a modern temperament.

STRING

Simple and pure, from lines into a plane, this is the design concept of String series. Each piece in this collection is completed with a suspended structure and a hand-weaving technique to create a classic, timeless impression. The high-resilience PVC ropes like the countless strings are tightly arranged in one go, bringing a wrapped sitting experience. Three frames of carbon black, rice white, clay color are unified with the color of ropes, giving the chair a delicate texture.

JUMBO II

JUMBO II series represents an unhurried contemporary attitude towards leisure life. It looks like a jumbo item with "elephant ears" from a distance. JUMBO II Lounge Armchair is wide with a handwoven backrest and wings, expressing a sense of embrace. The color of the wood and the combination of weaving make it very natural and harmonious. The thick seat and comfortable cushions can let a person rest on it all afternoon. The whole series includes a lounge armchair, a 3-seater sofa, footstool and dining chair.

LOOP

The LOOP chair was originally designed to express continuous lines. The entire chair is woven with a single continuous rope. In order to ensure continuity and product quality, the back and the seat of the chair were proportionally divided into four parts, which not only boosts the appearance, but also increases the product lifespan. Soft as well as responsive, the chair provides a comfortable seating experience without the need of a cushion. Additionally, the wear-resisting and strong PVC simplifies the cleaning processing - use a soft brush to give it a fresh new look.

BLOCK

Walking through various city blocks, enjoying the relaxation brought by the free exploration, the design concept of the Block Series just inspired by the 'city block'. The first impression of Block Sofa is thick, full, and comfortable. It can bring complete relaxation for the body and mind, like a long-awaited urban roaming, which is desirable. It uses a square block as the basic element to extend a single position, corner position, arc module, etc., which can match a flexible seating scene. Block Sofa adopts a split structure that can ensure the stability of the module system. Based on the outdoor sponges, the seat cushion also adds a built-in spring structure to achieve better support and rebound effect. While the T-shaped backrest with handwoven elements can be installed on any three sides of the base, and the special fixed way at the bottom makes it stand directly on the ground, like road signs and street guideposts, to express the characteristics of different cities: dark red and wooden color remind the memory of Beijing, light yellow and beige represent the romance of Paris. In addition, the exquisite teak decoration, woven pattern, and functional damp-proof foot emphasize the sense of integrity of this collection.

CHIC

Chic folding chair was born to pay tribute to the classic Director's Chair in 20th century, and its design inspiration can be traced back to the earliest in ancient Rome. Through modern technology, Chic folding chair has simplified and optimized the chair structure to the maximum extent, and every part is integrated. Body casting, reinterpreting standardization from excellent details, its firm chair body consists of metal frame and hand-sewn three-dimensional sewing fabric. Quick-drying sponge is built into backrest and seat surface, which has both aesthetic feeling and sitting comfort. In daily use, Chic folding chair is easy to store, showing quality and weight. And can be applied to various scenes.

SHELL

Shell Series is inspired by the 'shell' in nature. With a three-dimensional weaving style as the highlight, each piece of this series integrates several techniques and textures and emphasizes the beauty of diverse handicrafts. Under the aesthetic of combining virtual and real, Shell Chair uses a simple aluminum frame with a fully woven backrest and seat to create a unique shape and comfortable experience. The backrest design uses KUNDESIGN's classic double-layer woven structure, with recognizable parallel lines, like the pattern on the shell, expressing rational geometric beauty. When seated, the shell-shaped backrest can provide good support with breathability. The seat surface chooses a more dense weaving style to ensure the supporting force. At the same time, the outstanding and quite artistic color design makes the different materials perfectly integrated.

BAGEL

To make human beings more compatible with nature, Kun balances wood with hand knitting. Bagel collection featured of teak-base, tightly woven rope, soft cushions and comfortable back cushion. Bagel has inside and outside double design Which wrap your back comfortably with a fit body curve. Lounge chair, high-back lounge chair and dining chair are included in this series. A higher quality aluminum base could also be customized for dining chair in a lower price.

PILLOW

The PILLOW is the result of Kun's exploration for the possibility of outdoor upholstery. Continuous adjustments were made during the development process to find the current structural proportion that merges functionality with streamlined aesthetics. The back and armrest cushions of the collection resemble soft pillows - just like the collection name - whose coverings can be removed for easy cleaning. Wrapped with KunDesign Tex, a material with remarkable durability and resistance to outdoor conditions, the quick-drying cushions are designed to be placed outside. Seated on a teak or bamboo base frame to create a textual contrast, which are FSC certified in consideration of the environment. With versatile modular components, the Pillow sofa is suitable for all interior and exterior settings.

OVAL

OVAL chair is our contemporary and three-dimensional take of the traditional board back chair. The edge stamping-craft allows it to have a large and three-dimensional backrest - comfortable and compact. The legs have plump lines that give off a powerful presence when placed in open space. We use wooden finish on the aluminium seat surface to make it more durable and easier to maintain while retaining the warm visual sense of wood.

RUGBY

An interactive conversation between metal, wood, and fabric resulted in the design of the RUGBY series. The upholstery's plump shape is relieved by spindle shaped-legs, so the resulting structure takes on a refreshing rather than chunky appearance. The armrests have a width and height that match the body's natural arm placement, and also serve as partition from the cold metal frame. Constructed with comfortable materials that are weather-resistant, the collection can be used in all spaces, both outdoors and indoors. With quality and weather proof teak wood set on aluminum legs, the lounge coffee table is designed to complement the contemporary lifestyle. It is deliberately set at a height that allows the table to be used not just for a singular purpose, but as a versatile and multifunctional product in your home.

NEST

The geometric weavings of the NEST collection mimic the appearance of rattan, giving the series a tropical look. On the highback lounge chair, the weavings create a partition around the body for privacy. Crafted in weather-resistant ropes and quick-dry cushion, the sofa is suitable for both indoor and outdoor use.

BANYAN TREE

With a curvature that conforms to the natural arch of the human spine, the back of the Banyan Tree is designed to put the body at ease. The interwoven strands are reminiscent of tree vines to create a distinctive look that can easily complement its surroundings. Weaved in weather-resistant and easy-to-clean Kundesign Rope, the Banyan Tree is a versatile series that can be placed in small living spaces, both indoors and outdoors.

FLOW

Flow Swing is designed for leisure time to make the outdoor life full of fun. Its inspiration comes from the magic carpet in the myth story, trying to capture the happy time of childlike innocence through a special form. The swing is light, stable, and in a dynamic style. The seat has a slight arc shape, stretched with waterproof PVC fabric, can be used together with a soft cushion. Its handrails on both sides add teak elements for a natural touch. LED lights are hidden inside the canopy to provide light for reading or at night. In structural design, the stainless steel rockers can present a stable and smooth swaying effect. The swing also uses a smart flat packaging design which is more convenient for transportation and installation.

RIBBON

Ribbon Stool is an abstraction of natural things and simple manual-era life. It conveys a relaxed and beautiful emotion. Its round shape looks like vigorous seeds, leaves, plump succulent plants and grains. The banding design represents the easy 'hand tying' actions, such as bundling hay, tying a bouquet or a gift. Ribbon Stool has a multi-layer design with removable surface cover for easy cleaning and replacement, waterproof liner, and bottom counterweight for excellent outdoor performance. The stylish color and a variety of sizes make it flexible. This Stool can be used with dining tables, sofas or as combination furnishing of commercial space.

MOONCAKE

Inspired by joyful holiday moments in life, the Mooncake stool is shaped like a traditional snack in the Mid-Autumn Festival, with continuous arc design and bright colors, presenting a light and cheerful playfulness. This all-aluminum stool is waterproof, easy to clean and maintain. It is suitable as an item to decorate the courtyard or indoor space. It can also be used as a side table to create a vibrant atmosphere.

BALANCE

A return to the basics was the central theme at the start of our weight table design process. Weights are used as mass standards to express our understanding of the load bearing of the table. The lines on the weights are designed with respect to the golden ratio, thus the top and bottom components are firm and secure. The series of weights also have symmetrical upper and lower end-tables, with the upper one removable to serve dual functions of storage and flower arrangement.

BERGEN

Bergen table series includes side table, dining table, bar table etc., which is composed by the simple geometric elements and pillars. The radians and details express the smooth rounded characteristics. The table top and bottom can be changed for a variety of colors, and the pillar can be solid color or wooden look by heat transfer process.

LOTUS PLANTER

The Lotus planter continues to express the family character of the series, with the central column shaped like a petal and a continuous combination of one petal to another. The overall flowerpot upper matches the rhythmic base of the petals below, achieving a more aesthetically pleasing ratio. This series is more suitable for home use with four reasonable sizes to meet your different plant needs.

ROOT PLANTER

Root flowerpot refines the "rooted" state of wild plants, and expresses full vitality with abstract design language. It consists of an ellipse, it consists of a tub and a bracket, which can be split up and down. The unique "V-shaped" structure creates a feeling of strength sprouting upward. Among them, the tube basin. The prototype is taken from the vessels of the North African tribes, which is round and simple. The three feet at the bottom are as light and stable as the root system of a plant that goes deep into the soil. Solid. This bracket is not only convenient to move, but also improves the air permeability of the flowerpot, which is beneficial to daily planting. Color matching of Root flowerpot comes from. In the Gobi and oasis of nature, the fine sand-like spray texture presents matte texture. Can satisfy people. Demand for different plants can be used outdoors or at home.

LANTERN

The inspiration of Lantern series comes from the combination of oriental aesthetics and modern design. Lantern series is about "light", the lamp absorbs the configuration elements and special style from the traditional Chinese lantern and hand-basket. It retains the elegant "handle" design on the top, which can be easily carried and moved at will. For this hand lamp, it adds a small round bottom, which you can display plant, flower, decoration pieces to build the cozy atmosphere, delightfully fresh nature.

PAVILION

Pavilion is designed to naturally extend indoor life to the outdoors with an architectural style. It is a 'continuation of the house', emphasizing a non-temporality, and encouraging normalization of enjoying the outdoors. The entire pavilion is based on a standard module structure with a narrow eaves design. Through the selection of electric shutters, rolling curtains, folding glass doors, grids and other elements, it can create a special outdoor space with different forms. Pavilion includes terracotta, olive green, black, and white styles, presenting a more youthful, smart, thoughtful, and diverse outdoor lifestyle.

KUNDESIGN Rope is a weaved Selected PVC fibre. The material has a soft surface that acts like a fabric. Avoid pulling/pushing the material too hard as this may cause it to lose its shape. This weatherproof material withstands changing weather conditions, is UV-resistant which makes it ideal for outdoor use. It is easy to maintain and can be cleaned with ordinary household cleaners.

FRAME

ALL OUR ALUMINIUM FURNITURE IS POWDER COATED

Powder coating serves as a protective layer that is tinted in a variety of colours. Aluminium furniture is ideal for use outdoors as well as indoors.
