ARUBA

ARUBA unfolds like warm sunlight across the Caribbean shore. Inspired by the long coastline and unhurried rhythm of its namesake, the design is shaped by rounded, flowing contours and grounded, textured materials.

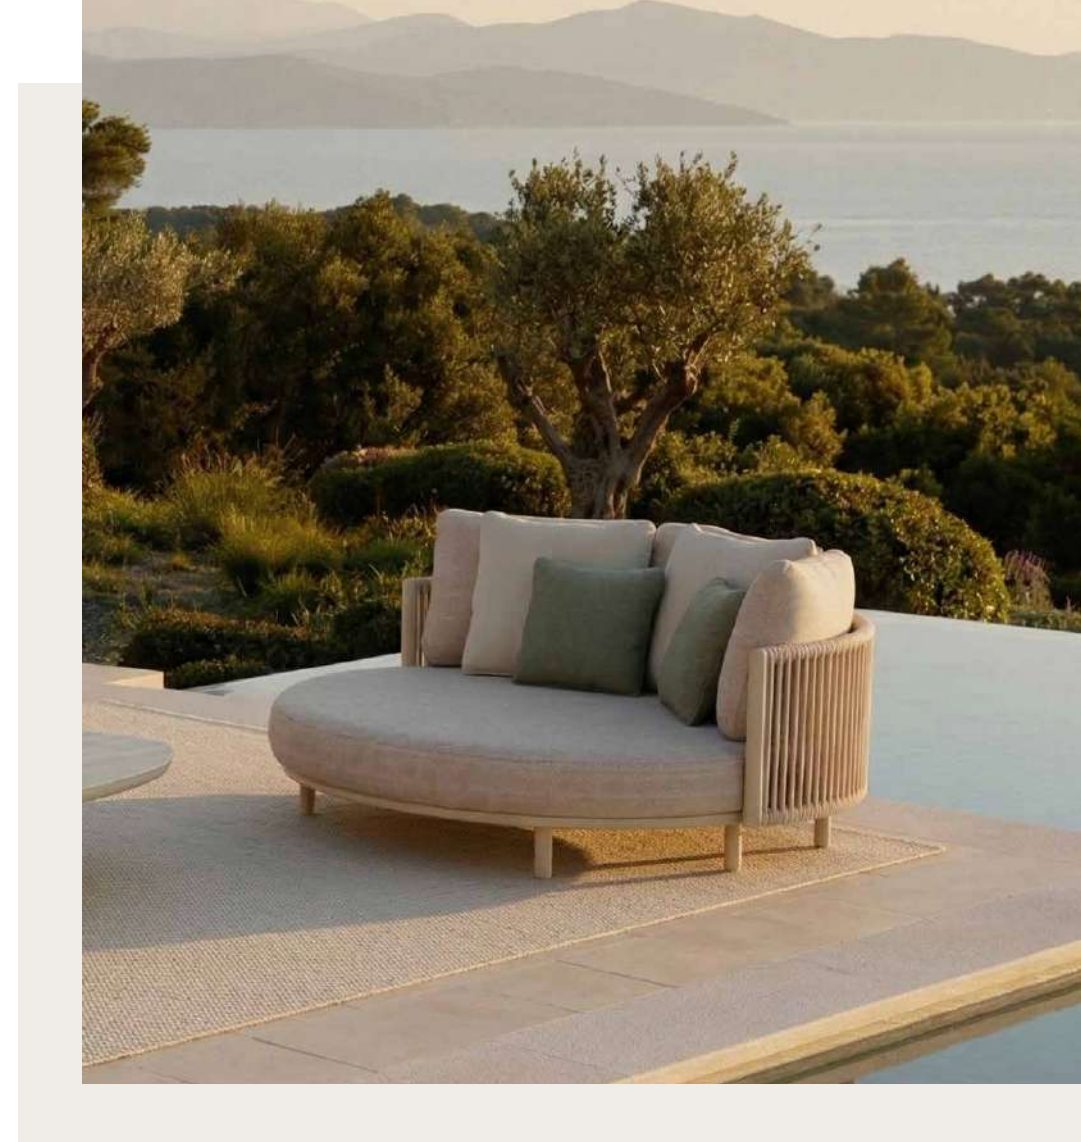

Generously thick round ropes are hand-knotted and hand-woven, carrying the warmth of craftsmanship and revealing a raw, natural tactility. Warm teak meets cool aluminum in quiet balance, softening the distance of metal while allowing the natural grain of wood to appear even more gentle and refined.

the ARUBA collection holds moments of quiet solitude or relaxed gatherings with equal ease, bringing the gentle leisure and healing rhythm of island living into everyday life

The sofas feature open, generous silhouettes and softly rounded volumes that gently embrace the body. Echoing coastlines shaped by wind and tide, the body-fitting curvature of the collection offers steady support and a sense of calm enclosure - both a comforting refuge and a private corner for rest. Minimal yet expressive.

TAHITI

The TAHITI collection translates a gentle island rhythm into a poetic garden retreat. Inspired by the island's natural textures and relaxed light, the design speaks through woven surfaces and clean architectural lines. Outdoor-grade rope is handwoven in a classic basket pattern, each strand crossing and wrapping to create a breathable, textured surface that carries the warmth of craftsmanship.

A minimalist aluminum frame balances the softness of the weaving with crisp lines and a calm, layered silhouette that follows the body's natural contours.

The TAHITI Swing offers both flexibility and comfort, available in single or double seating with reliable support for every gentle sway. Like branches moving softly by the shore, it brings a soothing rhythm to courtyards and terraces, perfect for quiet moments alone or relaxed gatherings, where everyday living is reimagined into the effortless calm of island life.

ZULU

The ZULU collection takes "tribal heritage meets modern design" as its core.

Drawing inspiration from the rhythmic patterns of tribal art and the untamed beauty of the wild savannah, it awakens a primal connection to nature that breathes life into every space.

Complementing this artisanal craftsmanship is a savannah-inspired color palette: sun-kissed golds, soft sandy beiges, and warm earthy tones ground the collection in nature to integrate seamlessly with both indoor and outdoor settings.

A thoughtful design detail lies in its tapering armrests, handwoven in a newly developed material crafted from twisted polyester – engineered to strike a pleasing visual ratio to the human eye, while offering a textural richness that balances the coolness of the aluminum frame to yield a layered, immersive tactile experience.

RONDA

The RONDA collection is a poetic expression of the circular form. Inspired by the simplest of geometric shapes, the design celebrates the fullness and softness of the arc. A visually lightweight but sturdy metal frame sculpts into smooth, rounded contours, paired with plush upholstery. Padded armrests fall naturally into the silhouette, while the enveloping seat offers ergonomic comfort.

The back of the seat is finished with soft outdoor fabric and filled with quick-dry foam, enhanced by delicate pleated stitching that adds both softness and subtle visual warmth. With upholstered surfaces as its foundation, RONDA carries the language of circular design throughout. Whether placed in refined interiors or outdoor lounges, it sets a welcoming ambience that accommodates like a gentle embrace.

CABO

The CABO collection is characterized by a distinctive armrest shaped like a folded shirt collar - structured, refined, yet subtly relaxed. Draped in twisted polyester wicker to soften this formal silhouette, the contrast between the crisp collar-like form and the soft woven texture creates a quiet visual tension, where elegance meets an effortless, laid-back spirit.

Tapered aluminum tube legs narrow gracefully toward the base, giving the structure a compact and balanced stance. Paired with classic outdoor weaving and comfortable cushions, CABO blends natural texture with clean modern forms, creating a setting that is defined by timeless sophistication.

MANGROVE

Inspired by the intricate roots of mangrove trees, the MANGROVE collection captures the quiet vitality of tropical landscapes. Thick round ropes are knotted and wrapped around sturdy tubular frames, while woven details intertwine with the aluminum structure to form gentle, embracing curves - reminiscent of the dense, living network found within a rainforest.

The tactile contrast of the robust weaving and solid metal brings a raw, natural character to the collection. Resting on the soft, rounded outdoor cushions, the design elements create a relaxed and grounded ambience inspired by nature’s beauty.

TONGA

TONGA embodies the raw, untamed luxury of the Pacific Islands. Inspired by the archipelago's pristine landscapes, the collection blends rounded contours with a minimalist design language. Tapered round-tube frames rise at a gentle angle - placed like quiet totems of support - creating a grounded yet fluid silhouette.

The seat and backrest are upholstered in specially selected sling fabric, offering a linen-like texture with enhanced durability for outdoor use. Three-dimensional hand stitching and quick-dry foam provide breathable comfort and soft support. Free of unnecessary ornamentation.

TONGA reveals a an authentic simplicity that brings grounded, balanced, and sculptural presence to both outdoor and interior spaces

ENZO is where refined minimalism meets organic expression. A slender, architectural frame is elevated by the natural warmth of teak, creating a dialogue between structure and softness, precision and nature.

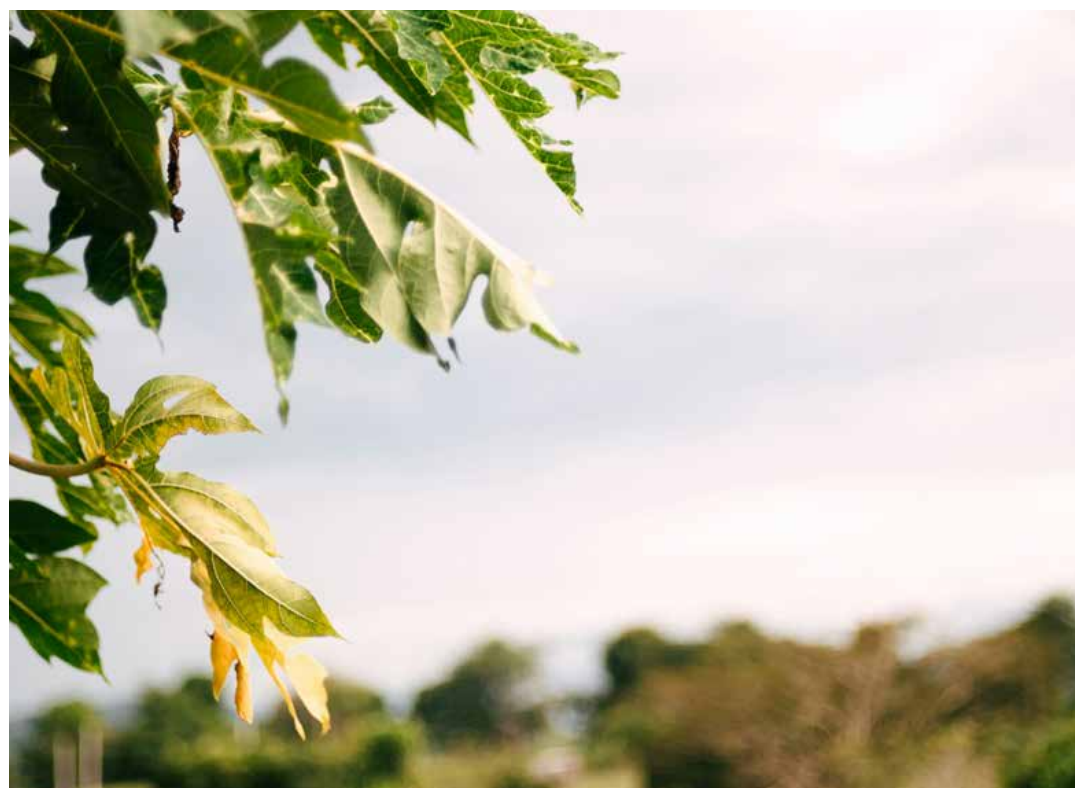

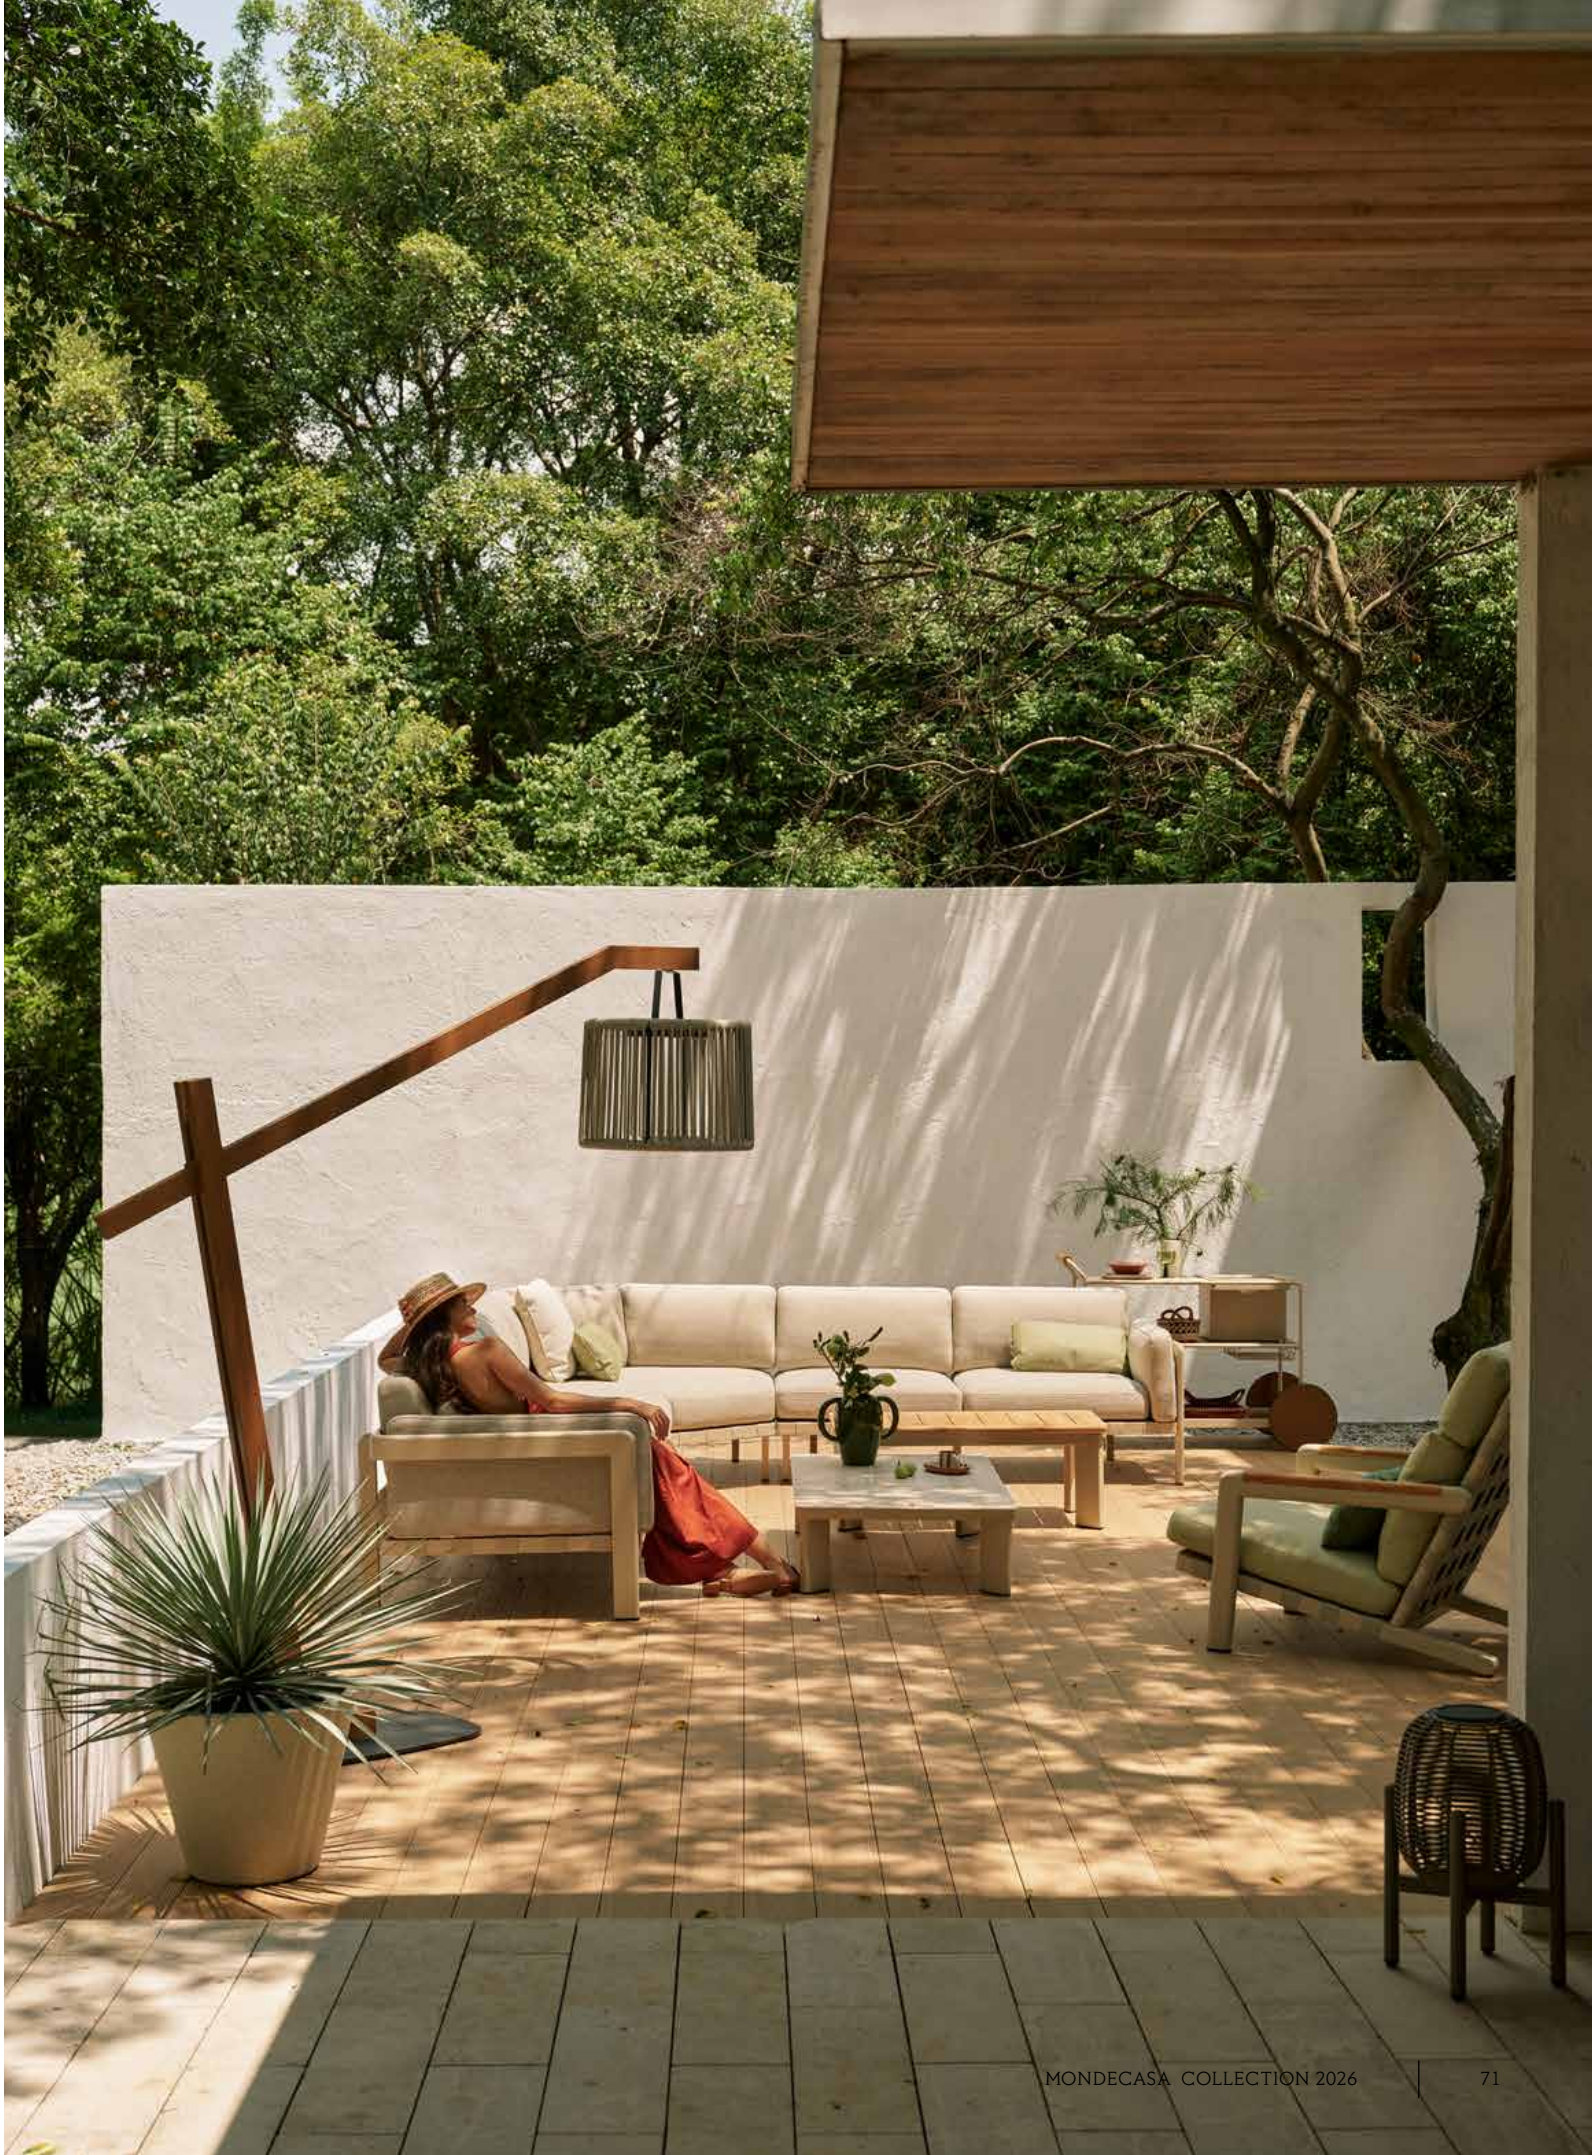

Generous in proportion yet light in appearance, the collection invites relaxation with deep-seated, outdoor-grade cushions. Tactile teak accents and sculpted lines of the frame evoke a sense of contemporary, timeless elegance.

ENZO is where refined minimalism meets organic expression. A slender, architectural frame is elevated by the natural warmth of teak, creating a dialogue between structure and softness, precision and nature.

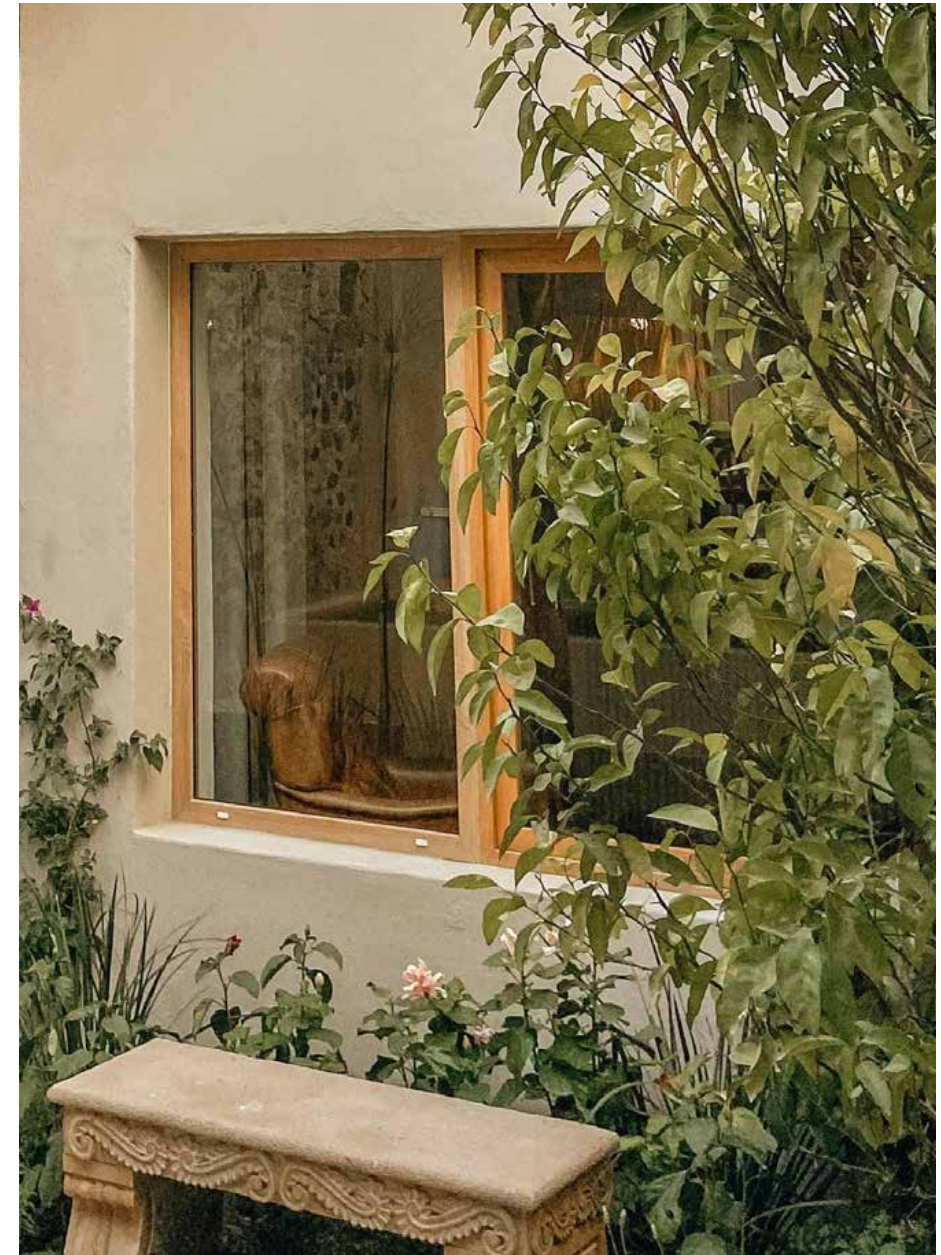

The sofa system is designed with modular versatility, offering compositions that respond to different spaces. Every configuration, scale, and proportion is thoughtfully balanced to fit any space with refined comfort.

Behind the calm simplicity lies innovation. Each item integrates an internal spring structure for superior support and resilience.

CORFU

The CORFU collection is an artistic distillation of natural textures and organic forms. Pebble-like tabletops with smooth, flowing contours echo stones shaped by the sea. Its soft geometries and sculptural balance come together in a calm, contemporary expression.

Solid cylindrical legs and curved panel supports ground the design with stability, creating a subtle contrast between structural weight and the lightness of the tabletop. Available in materials such as ceramic, aluminum, and teak, the collection offers varied natural textures while maintaining a refined simplicity.

Naturally adaptable, CORFU moves effortlessly between indoor lounges and outdoor living areas.

LILLE

The LILLE balances tradition and modernity with a design that is light in form and contemporary in character. The hand-crafted woven backrest in synthetic rattan offers a tactile counterpoint to the linear design of the frame.

The LILLE balances tradition and modernity with a design that is light in form and contemporary in character.

Clean proportions are softened by a subtle curvature and artisanal details for an elegant dialogue between craft, material, and modern simplicity.

CAYENNE

With generous curves set on a bold structure, CAYENNE is defined by a quiet elegance with modern strength.

The skillfully hand-woven back rests on a frame defined by generous thickness, supported by a distinctive three-leg structure that conveys a sturdy character.

With strong legs that ensure stability and comfort, CAYENNE embodies a harmonious play of textures, materials, and proportion. A synthesis of tactile craft and sculptural presence strikes a balance between softness and strength.

New to the collection, the CAYENNE bar chair extends the language of comfort and gravitas. A wide, luxurious seat has a enveloping form that offers support and ease.

CAYENNE embodies a dialogue of material and form: strong, sculptural, and reassuringly comfortable.

VATICAN

Teak accentuates the intricate weaving and soft cushioning, grounding the design in quiet luxury. A graceful swivel mechanism for the lounge chair brings it gently back to center.

Each piece transforms ordinary moments into a ritual of renewal, an ode to the pleasure of living.

The new VATICAN collection invites you to retreat into serenity. An elevated cushion form cocoons the body in deep, gentle relaxation, creating an intimate sanctuary of comfort.

Teak accentuates the intricate weaving and soft cushioning, grounding the design in quiet luxury. A graceful swivel mechanism for the lounge chair brings it gently back to center.

Crafted from materials inspired by elements of nature, the collection speaks a language of serenity and refinement. Each piece transforms ordinary moments into a ritual of renewal, an ode to the pleasure of living.

LAMP

TONGA embodies the raw, untamed luxury of the Pacific Islands. Inspired by the archipelago's pristine landscapes, the collection blends rounded contours with a minimalist design language. Tapered round-tube frames rise at a gentle angle - placed like quiet totems of support - creating a grounded yet fluid silhouette.
